Projects

Finance Application & Web Portal

- The Lead/Loan ID is generated in the SFA App, then transmitted to the OTO Dealer App. Next, it's directed to the Finance Box, Subsequently, it proceeds to the Payment Box. SFA App login follows a specific Data Hierarchy. This hierarchy is maintained by the SFA Backend.

Auto scheduling in purchase module (Web based Product)

- This web-based application allows requesters to request material quantities. Inventory data is pre-entered. After calculating the actual requirement, the schedule is sent to the respective person's email.

Sanchalan (Web based Product)

- ERP integrates essential business functions like planning, purchasing, inventory, sales, marketing, finance, and HR, mainly for inventory management.
